

Select one idea from the options given below for your AICT Lab semester project. The project should be designed to integrate MS Office, HTML, and CSS. Form a group of 3–5 students. Your work must be original and creative, with no plagiarism or AI-generated content.

## 1. Startup Business Package

- **Scenario:** Create all digital assets for a fictional startup
- **HTML/CSS:** Multi-page company website with Flexbox product gallery
- **Excel:** Financial projections with profit formulas and growth charts
- **Word:** Business plan with TOC, citations, and embedded charts
- **PowerPoint:** Investor pitch deck using master slides and animations

## 2. Dream Travel Agency

- **Scenario:** Promote a city or country as a travel agency
- **HTML/CSS:** Tourism website with Google Map iframe & hover effects
- **Excel:** Trip planner with dropdown selections and auto-calculated cost
- **Word:** Travel itinerary brochure with column breaks and images
- **PowerPoint:** Looping kiosk presentation with automatic slide timings

## 3. Tech Product Launch

- **Scenario:** Invent and launch a new tech product
- **HTML/CSS:** Product landing page with section anchors
- **Excel:** Competitor analysis with conditional formatting
- **Word:** User manual with multilevel lists and warning boxes
- **PowerPoint:** Launch keynote with minimalist design and embedded video

## 4. Charity/NGO Drive

- **Scenario:** Organize a campaign for a social cause
- **HTML/CSS:** Awareness website + visual donation form
- **Excel:** Donation tracker & volunteer database with Pivot Tables
- **Word:** Mail-merge invitation letters for fundraising
- **PowerPoint:** Educational slideshow using SmartArt to explain the issue

## 5. Online Restaurant

- **Scenario:** Promote a restaurant and menu
- **HTML/CSS:** Menu website with hover animations on dishes
- **Excel:** Food Cost Calculator & Meal Planner
- **Word:** Menu brochure with columns and images
- **PowerPoint:** Promo slideshow of specials with transitions

## 6. Tech Startup Portfolio

- **Scenario:** Introduce a new tech company
- **HTML/CSS:** Portfolio site with team & services
- **Excel:** Budget planner for projects & employee salaries
- **Word:** Company brochure highlighting services
- **PowerPoint:** Investor pitch deck with automatic slide timings

## 7. School Admission Portal

- **Scenario:** Promote a school or college
- **HTML/CSS:** Admission info website with photo gallery
- **Excel:** Student fee calculator & class list
- **Word:** Admission brochure with forms & info
- **PowerPoint:** Orientation presentation for parents

## 8. Real Estate Agency

- **Scenario:** Promote properties for sale/rent
- **HTML/CSS:** Property listings website with hover effects
- **Excel:** Price calculator & mortgage planner
- **Word:** Property brochure with images and tables
- **PowerPoint:** Virtual property tour presentation

## 9. Bookstore

- **Scenario:** Promote a bookstore
- **HTML/CSS:** Book catalog website with hover effects
- **Excel:** Inventory & sales tracker
- **Word:** Bookstore brochure with columns & images
- **PowerPoint:** Featured books slideshow

## 10. Cooking Classes

- **Scenario:** Promote culinary classes
- **HTML/CSS:** Class schedule website
- **Excel:** Enrollment tracker & fee calculator
- **Word:** Class brochure with recipes
- **PowerPoint:** Demo slides of classes

## 11. Tech Workshop

- **Scenario:** Promote coding/tech workshops
- **HTML/CSS:** Website with workshop info & schedule
- **Excel:** Participant list & cost tracker
- **Word:** Workshop brochure with steps
- **PowerPoint:** Demo slideshow of tech projects

## 12. Eco-Friendly Campaign

- **Scenario:** Promote sustainability awareness
- **HTML/CSS:** Website with tips & gallery
- **Excel:** Activity & impact tracker
- **Word:** Campaign brochure with images
- **PowerPoint:** Awareness slideshow

### 13. Science Fair Exhibition

- **Scenario:** Promote student projects
- **HTML/CSS:** Science fair website with project gallery
- **Excel:** Project tracker & schedule
- **Word:** Exhibition brochure
- **PowerPoint:** Project showcase slideshow

### 14. Car Rental Service

- **Scenario:** Promote rental cars
- **HTML/CSS:** Rental website with vehicle gallery
- **Excel:** Rental cost calculator & booking tracker
- **Word:** Service brochure with pricing tables
- **PowerPoint:** Vehicle showcase & deals slideshow

### 15. Holiday Resort

- **Scenario:** Promote resort packages
- **HTML/CSS:** Resort website with gallery & maps
- **Excel:** Package cost & booking tracker
- **Word:** Resort brochure
- **PowerPoint:** Package highlights slideshow

### 16. Language Exchange Club

- **Scenario:** Promote language learning exchange
- **HTML/CSS:** Website with schedule & tutors
- **Excel:** Member tracker & session fees
- **Word:** Club brochure
- **PowerPoint:** Lessons slideshow

## 17. Robotics Club

- **Scenario:** Promote robotics projects & competitions
- **HTML/CSS:** Club website with gallery & project info
- **Excel:** Project tracker & budget
- **Word:** Club brochure
- **PowerPoint:** Project showcase slideshow

## 18. Culinary Competition

- **Scenario:** Promote cooking contest
- **HTML/CSS:** Event website with recipe gallery
- **Excel:** Participant & score tracker
- **Word:** Competition brochure
- **PowerPoint:** Winning dishes slideshow

## 19. Tribute Page

- **Scenario:** Create a single-page tribute to a famous person, event, or inspirational topic
- **HTML/CSS:** Use images, headings, links, paragraphs, and lists with basic styling
- **Excel:** Create a small timeline or achievements chart
- **Word:** Short biography document with proper formatting
- **PowerPoint:** Mini slideshow highlighting key moments or contributions

## 20. Replicate a Simple Website Layout

- **Scenario:** Recreate the visual design of a clean, popular website (e.g., Wikipedia homepage)
- **HTML/CSS:** Duplicate layout, spacing, header, search bar, sidebar, and typography
- **Excel:** Create a mock data sheet showing article categories or page views
- **Word:** Write a short explanation of what layout elements were recreated
- **PowerPoint:** Show comparison slides between the original website and the recreated version
